

**AGENDA ITEM # 10**

**AGENDA ITEM EXECUTIVE SUMMARY  
Committee of the Whole Meeting  
June 10, 2019**

**Item Title:** Roselle Recycles Event Update

**Staff Contact:** Jason Bielawski, Assistant Village Administrator

**COMMITTEE OF THE WHOLE ACTION**

**Staff will provide an update on electronics recycling at the Roselle Recycles Event.**

**Executive Summary:**

At the May 13 Committee of the Whole meeting the Village Board discussed alternatives for electronics recycling at the annual Roselle Recycles Event due to Bloomingdale Township being unable to provide electronics recycling at the event. Staff was directed to reach out to DuPage County to learn more about the county-wide electronics recycling program. Attached is a flyer about electronics recycling collection sites available in the county. The program charges a fee for televisions and computer monitors and collects other electronics at no charge.

Village staff spoke with County staff as well as the collection provider, eWorks. The County indicated they are working with Bloomingdale Township to be a collection site under the county-wide program. However, based on the availability of eWorks, the County cannot assist with the Roselle event on September 14.

Staff obtained a proposal from the Village's refuse and recycling provider, Republic Services, to provide electronics recycling on the day of the event. Staff will be prepared to further discuss this proposal as well as other options on providing electronics recycling as part of the 2019 Roselle Recycles Event.

**Implications:**

**Is this item budgeted?** No, the budget does not include funding for putting on the Roselle Recycles Event except for nominal staff and material costs. The 2018 Roselle Recycles Event collected 32,000 pounds, which would cost approximately \$20,000 based on Republic Service's proposal.

**Any other implications to be considered?**
