

Andrew J. Maglio Mayor  
Patty Burns Village Clerk

## Village of Roselle Canceling Events in Response to Coronavirus Pandemic

March 13, 2020 – Effectively immediately through April 30, 2020, all non-essential meetings and special events that require the use of municipal facilities in the Village of Roselle are canceled. Roselle Public Works at 474 Congress Circle W. is an official polling place and will be open to voters on March 17, 2020, for the General Primary Election. This list will be updated if additional cancelations occur.

UPDATE: On April 10, 2020, Mayor Maglio announced the cancellation of all special events in the Village of Roselle through the end of June. These events have been added to the list.

UPDATE 2: All special events throughout the summer of 2020 have been canceled. These events have been added to the list.

The health and safety of Village of Roselle residents, employees, and visitors remains a top priority for Village officials and special event organizers in the community. Planning for future large-scale events in Roselle will depend on the status of the Governor's "Restore Illinois" plan, which allows festivals and special events to resume during Phase 5 when COVID-19 testing and treatment are widely available throughout the state. More information about Restore Illinois can be found [on the State's website](#).
