

CONSTRUCTION AHEAD NOTICE

August 25, 2020

The Village's underground contractor Mauro Sewer Construction, Inc. is scheduled to remove and replace the storm sewer system located in various locations.

Construction of the various storm sewer projects will begin on August 25. The Contractor will start construction work in sequential order as follows:

- Ardmore Avenue
- Orchard Terrace at Lexington Avenue,
- Brookwood Terrace,
- Devon Avenue,
- Plum Grove Road and
- E. Pine Avenue.

All work associated with this project is expected to be completed the week of October 5, 2020.

The storm sewer work includes the removal and replacement of some driveways where the storm sewer system is located. The contractor will notify residents whose driveways will be impacted during construction. On-street parking will be allowed to those residents whose driveway are inaccessible. Upon completion of the storm sewer system, all damaged driveways will be backfilled with stone so that access to driveways is restored. Final driveway pavement restoration work should be completed by the end of working day on Friday October 2, 2020.

Keeping residents informed about the progress of the Village's construction projects is very important to us. In addition to this bulletin, we are posting regular construction updates on the Village's website at www.roselle.il.us/construction. Updates can also be found in the Village's weekly E-News digital newsletter (subscribe at www.roselle.il.us/enews) and on the Village's official Facebook page

We apologize for the inconvenience created during construction and thank you for your patience and cooperation. For questions or further information, please contact Jorge Jorda at (630) 671-2363 or e-mail at jjorda@roselle.il.us.

Karen Young, Director of Public Works
