RE: Accreditation Tier I Level

Dear Chief Herron,

It is my pleasure to inform you the Illinois Law Enforcement Accreditation Council has unanimously recognized the Roselle Police Department for full accreditation at the Tier I level. The accreditation is evidence and recognition of the highest level of professional police service provision to the community by the leadership and personnel of the Roselle Police Department. It also is a positive reflection of the commitment of the political leadership of the Roselle Community to increase the quality of life in the community by supporting policing services.

Congratulations to you and the Roselle Police Department.

Sincerely,

David Bradford

Council Chairperson
