

We Want You!

Volunteerism is an ever growing national spirit. The President of the United States called all citizens to action in 2001 to become part of the process. The Volunteers in Police Service Program is a national initiative sprung from the Citizen Corps movement. The Roselle Police Department is looking for residents who want to give back to their community in volunteerism.

Roselle Police Department

Contact the Police Department to receive an information packet today. Candidates for the VIPs program must go through a background investigation due to the sensitive and confidential nature of the information to which a volunteer will be exposed. Candidates must also complete the Citizen's Police Academy offered through the PD each year.

Please call Sergeant Bata for additional information, or go to our website:
