

2019 KENNEDY LIFT STATION CONSTRUCTION **Pre-Construction Bulletin** **March 11, 2019**

The Village recently awarded a contract to replace the “Kennedy lift station”. The project was implemented based on the recommendations of a Wastewater Facility Master Plan completed in 2015. The project is one of six capital improvements identified and funded by a \$17.3M low interest, IEPA State loan. The project cost is \$2.1M. This lift station is over 40 years old and at the end of their useful life and will be replaced with a modern facility. The Kennedy Lift Station is an integral part of the Village’s Wastewater Treatment System.

While most of the improvements are below ground, there will be a small building to house the back-up generator and control equipment. The project is expected to break ground in late-April/early-May and be completed by January, 2020.

The project is located in an easement on the west side of Plum Grove Road between approximately 300 feet south of Nerge Road and behind the north property line of homes on Shawnee Trail. (Location Map attached)

The project will involve a significant excavation in the area of the current Kennedy Lift Station. This work involves heavy construction equipment, so you can expect engine noise and back-up alarms. The contractor will be required to control erosion and dust as part of the work.

Keeping residents informed about the progress of the Village’s construction projects is very important to us. In addition to this bulletin, we are posting regular construction updates on the Village’s website at www.roselle.il.us/construction. Updates can also be found in the Village’s weekly E-News digital newsletter (subscribe at www.roselle.il.us/enews) and on the Village’ official Facebook page. Trotter and Associates, Inc. will be managing the construction activity and the contact person is Brandon Thomas, P.E. 630-587-0470, b.thomas@trotter-inc.com.

We apologize for the inconvenience created during construction and thank you for your patience and cooperation. For questions or further information, please contact Brandon Thomas or John LaRocca at (630) 671-2436 or e-mail at jarocca@roselle.il.us.

Karen Young, P.E. Public Works Director

John LaRocca, Wastewater Superintendent
